European Day of Languages-Ondarroa 26th September

Throughout Europe, 800 million Europeans represented in the Council of Europe's 47 member states are encouraged to learn more languages, at any age, in and out of school. Being convinced that linguistic diversity is a tool for achieving greater intercultural understanding and a key element in the rich cultural heritage of our continent, the Council of Europe promotes plurilingualism in the whole of Europe.

That's why to celebrate this day we decided that the pupils would disguise themselves as characters from books or cartoons they have read. They all accepted the idea very excited and came to

school ready to check whose was the best characterization.

As it was a very hard task to decide whose was the best disguise

We decided to share the sweets we had bought for the winners

among all of them.

Here you are some of the photos we took that day!
