SENIGALLIA

The Schools involved in this Project are “G. Puccini” Primary School, “L. Mercantini” Secondary School, Cesanella and Cesano Primary Schools. About 300 hundred students took part to the Project together with 15 teachers. Primary and Secondary Schools had the chance to work at the same project. Through the activities students felt part of a common citizenship and enlarged the European and intercultural dimension. They got in touch with the partners’ countries. They also improved the knowledge of English language and the use of technology. Students and teachers could compare different educational systems and teaching styles.
